SYED SHADAB

Bengaluru, Karnataka, IN | +919945683056 | shadabsyed90@gmail.com
LinkedIn: linkedin.com/in/syed-shadab-6b355b293 | GitHub: github.com/syed1coder | Portfolio: syed1coder.github.io/My-portfolio

PROFESSIONAL SUMMARY

Results-driven Cybersecurity Professional with proven expertise in vulnerability research, penetration testing, and SIEM analysis. Successfully identified and disclosed critical security vulnerabilities (SQLi, XSS, IDOR) impacting 10,000+ users through responsible disclosure programs. Proficient in Python automation, threat hunting, incident response, and security monitoring. Currently pursuing MCA with hands-on experience in building secure systems, developing security tools, and implementing end-to-end encryption.

EDUCATION

Master of Computer Applications (MCA) in Computer Science | 2025 - 2027
M S Ramaiah University of Applied Sciences, Bengaluru
Bachelor of Science in Computer Science and Mathematics
DVS College of Arts and Science

PROFESSIONAL EXPERIENCE

Independent Cybersecurity Analyst | Self-Employed, Bengaluru
Jan 2026 - Present

- Identified and documented critical vulnerabilities (SQLi, XSS, IDOR) via responsible disclosure, providing remediation ideas.
- Developed custom Python scripts to automate threat hunting and vulnerability assessments, improving efficiency by 40%

Cybersecurity Intern | Elevate Labs
Feb 2026 - Mar 2026

- Assisted in development of incident response playbooks, streamlining workflows for threat detection and mitigation
- Utilized SIEM tools to perform log analysis and correlate security events, contributing to improved security posture

Cybersecurity Researcher & Analyst Intern | Mitra Software, Shivamogga
Feb 2025 - Apr 2025

- Developed responsive client-facing websites using HTML, CSS, and JavaScript ,Implemented DNS security measures and customer data protection strategies

KEY PROJECTS & ACHIEVEMENTS

- **Vulnerability Research:** Discovered and responsibly disclosed SQLi and XSS vulnerabilities; remediation improved security for 10,000+ users
- **E2EE Chat Application:** Implemented end-to-end encryption using RSA for key exchange and AES for data, ensuring zero-knowledge privacy
- **SIEM Log Aggregation and Alerting:** Built comprehensive log aggregation system with custom alerting rules for real-time threat detection
- **Automated Network Scanner:** Developed Python-based network scanner with automated vulnerability reporting capabilities
- **20+ projects visit to see:** syed1coder.github.io/My-portfolio

TECHNICAL SKILLS

Security Tools: Burp Suite, Nmap, Kali Linux, SIEM Platforms, IDS/IPS Configuration, Network Traffic Analysis
Programming & Scripting: Python, Java, C, SQL, JavaScript, HTML, CSS, Bash/CLI
Core Competencies: Vulnerability Assessment, Penetration Testing, Incident Response, Threat Monitoring, Log Analysis, Risk Management, Security Awareness Training, Social Engineering, Policy Development, TCP/IP Protocols, Alert Triage

CERTIFICATIONS

- ISC2 Certified in Cybersecurity (CC)
- Google Certified in Cybersecurity
- Cisco Introduction to Cybersecurity (Oct 2025)
